

CLEANING INSTRUCTIONS FOR PATTERN MOCKINGBIRD

CLEANABILITY:

- A. Washable
- B. Wrinkle resistant
- C. Color fast
- D. Will not shrink, pill, crock or fade

STAIN RESISTANCE:

- E. Stain resistant to stains and if stains occur, they can be easily removed as follows:
 - a. To remove light stains, brush with a suede brush.
 - b. For deeper stains, brush with an eraser or fine sandpaper.
 - c. For sticky stains such as honey or sweets, use spoon or knife to remove. Avoid rubbing stains into the material.
 - d. General stains can be removed with a dampened soft cloth.

LIQUID STAINS:

- F. Examples: Coffee, Tea, Juice, Milk, Coke, Beer, Wine, Sauce, Ketchup, Ink, etc.
- G. Blot the spot to remove excess liquid.
- H. Remove the stains with a cloth soaked in warm, sudsy water.
- I. Place a dry cloth on the reverse side to absorb excess water.
- J. Repeat until stain is removed and no soap remains.

OIL BASED STAINS:

- K. Examples: Butter, Mayonnaise, Salad oil, Lipstick, Cosmetic, Shoe Polish, Ballpoint Pen, Marker, Machine Oil, etc.
- L. Try the same steps as liquid stains above.
- M. If the stain remains, gently rub the spot with a cloth dampened with benzene, alcohol or a dry cleaning agent.

OTHER STAINS:

- N. Examples: Paints, Varnish, etc.
- O. Use the remover designed for the staining agent (for example, turpentine for paint and varnish).
- P. As chemicals can harm or discolor the material, first test the remover on a corner of the fabric.
- Q. Once stain is removed, blot again with dry cloth to remove any excess water and let the cloth air dry.

CLEANING:

- R. Mockingbird can be machine washed in cool water with a mild detergent.
- S. Do not bleach.
- T. Do not dry in a high temperature dryer.
- U. When dry, brush the fabric with a suede brush to restore the natural sheen and luster of the cloth.
- V. Iron on reverse side at cool setting.
- W. Can also be professionally dry cleaned.
