

## GENERAL CLEANING CODE FOR UPHOLSTERY AND DRAPERY FABRICS

### DRY CLEANING / CODE "S":

- A. To prevent overall soil, frequent vacuuming or light brushing to remove dust and grime is recommended.
- B. Spot clean using a mild water-free solvent or dry cleaning product.
- C. Pretest a small area before proceeding.
- D. Use a professional furniture cleaning service when an overall soiled condition has been reached.
- E. Dry solvent **cleaning** is reserved for delicate or non-colorfast fabrics that can be damaged when using water-based **cleaning** methods.
